

Dear friends

Attached is a proposed constitutional amendment from the INAS Europe Executive Committee, which is the result of a team effort and that had contributions from our Legal advisers - Maria Dranikova and Yossi Romano- as well as from the Executive Director of the INAS, Nick Parr.

I respectfully remind you that the Member Countries have the right to submit motions to the General Assembly through the Executive Committee and subject to compliance with the deadlines now established.

Motions shall be submitted to INAS Europe Secretary General, in writing at least 1 month (13 of August 2019) prior to the General Assembly.

The Executive Committee may seek legal advice on motions received, and will then provide the General Assembly with recommendations on all motions received

When necessary, the missing cases will be regulated by the INAS World procedures:

SECTION 5: STANDING ORDERS

5.1 PROCEDURES FOR GENERAL ASSEMBLIES

I am at your disposal for the clarifications that you deem necessary.

Greetings

A handwritten signature in black ink, appearing to read "fauntemi".
