Dear friends

It is well known that, contrary to our expectations and desires, the pandemic situation in Europe has been worsening in some countries.

In the current situation, it is unwise to maintain the convening of a face-to-face General Assembly for the month of September, in Krakow.

The probability of some countries not being able to attend, leads us to opt for the virtual model, to be carried out in September, on the zoom platform, on a date, time and agenda to be announced.

In our circumstances, elections will not be held, since democratic conditions are not guaranteed, namely the secret election in closed ballot.

Then, according to our Constitution, the Executive Committee co-opts, among the candidates who presented themselves within the regulatory deadline, a Vice President and two Member-at-Large, for the Virtus Europe EC, as well as the two Virtus Europe representatives on the Governing Board of Virtus.

Therefore, in compliance with health rules, we ensure the democratic functioning of INAS / VIRTUS EUROPE.

I say goodbye to everyone with the firm certainty that we and our athletes will meet again, and that until then we will remain together despite this separation.
